

INVESTING FOR PEACE

Where you put your money, there your heart will be also. MATTHEW 6:21

DEAR

We are a group of Christians who are very concerned about the situation of Palestinian Christians and all Palestinians living in the Holy land under Israeli occupation.

What are we asking you and your church to do?

- To fully disclose financial information of your church's investments,
- To identify companies in your investment portfolio which are profiting from the occupation of Palestine,
- To put in place a comprehensive screening process to prevent future investment in complicit companies,
- To review your church's current policy of corporate engagement and divest from companies where necessary.

Please respond to tell us what you are doing to stop supporting companies profiting from the suffering of the Palestinians.

For more information, please download OUR INVESTING FOR PEACE ACTIVIST GUIDE at www.sabeel-kairos.org.uk
