A THIRD WAY
Settlers and Palestinians as Neighbours

Rabbi Froman

*A documentary movie and a movement:
courageous people on the ground in the West Bank.
"The land doesn't belong to us, we belong to the land."*

The first feature documentary on the notorious and unique Israeli 'settler rabbi for peace', **Rabbi Menachem Froman** (1945-2013). The story also features his protégés, both settlers and Palestinians. It tells a gripping story about the power of building intercultural and interfaith trust on a grassroots level, and shows how this trust-building can be a foundation for new possibilities of political solutions and peace.

Harvey Stein (director/co-producer) will attend this screening and participate in the post screening discussion.
