We are a small, energetic Christian charity seeking the right person to help us grow in our reach and influence in the under 35s age category. We are a strong campaigning organisation with deep roots in the UK churches, advocating for justice, equality and peace for Palestinians. We support the work of two organisations in Palestine, the Sabeel Ecumenical Liberation Theology Centre in Jerusalem and the Kairos Palestine movement in the occupied West Bank.

You will be a motivated, passionate individual with a strong knowledge and understanding of the Israeli-Palestinian conflict, and the rights of Palestinians in international law. You will have an understanding (and preferably direct experience of working with) both the Palestinian Christian community, and Churches here in the UK, including the main denominations. Experience of organising campaigns and running them will be an advantage. You will also need to have experience of, or creative ideas about how to engage the under 35s in campaigning, advocating and supporting the work of our organization and our partners, and pursuing justice and peace for Palestinians. Please see the job description and person specification for more details.

Unfortunately, we are not able to support visa applications for overseas individuals, so you must already have the right to work in the UK.
